## Lab Assignment 6

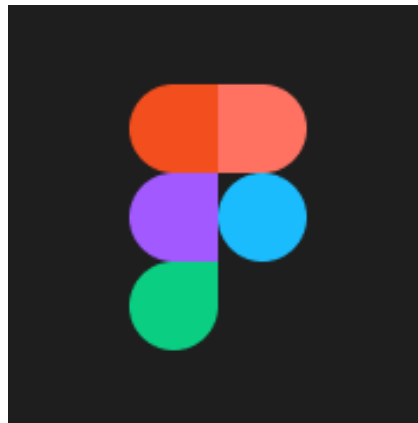

### U19CS012

Q1.)

Below are the given elements you have to Design User Interface (U.I.)

- ✓ Some challenges are **intentionally high-level**, so it's up to you to interpret how to design it (i.e. mobile vs web, full page vs one component, etc.)
- ✓ You can use **Any Tool** of your choice for UI design.

A1.)

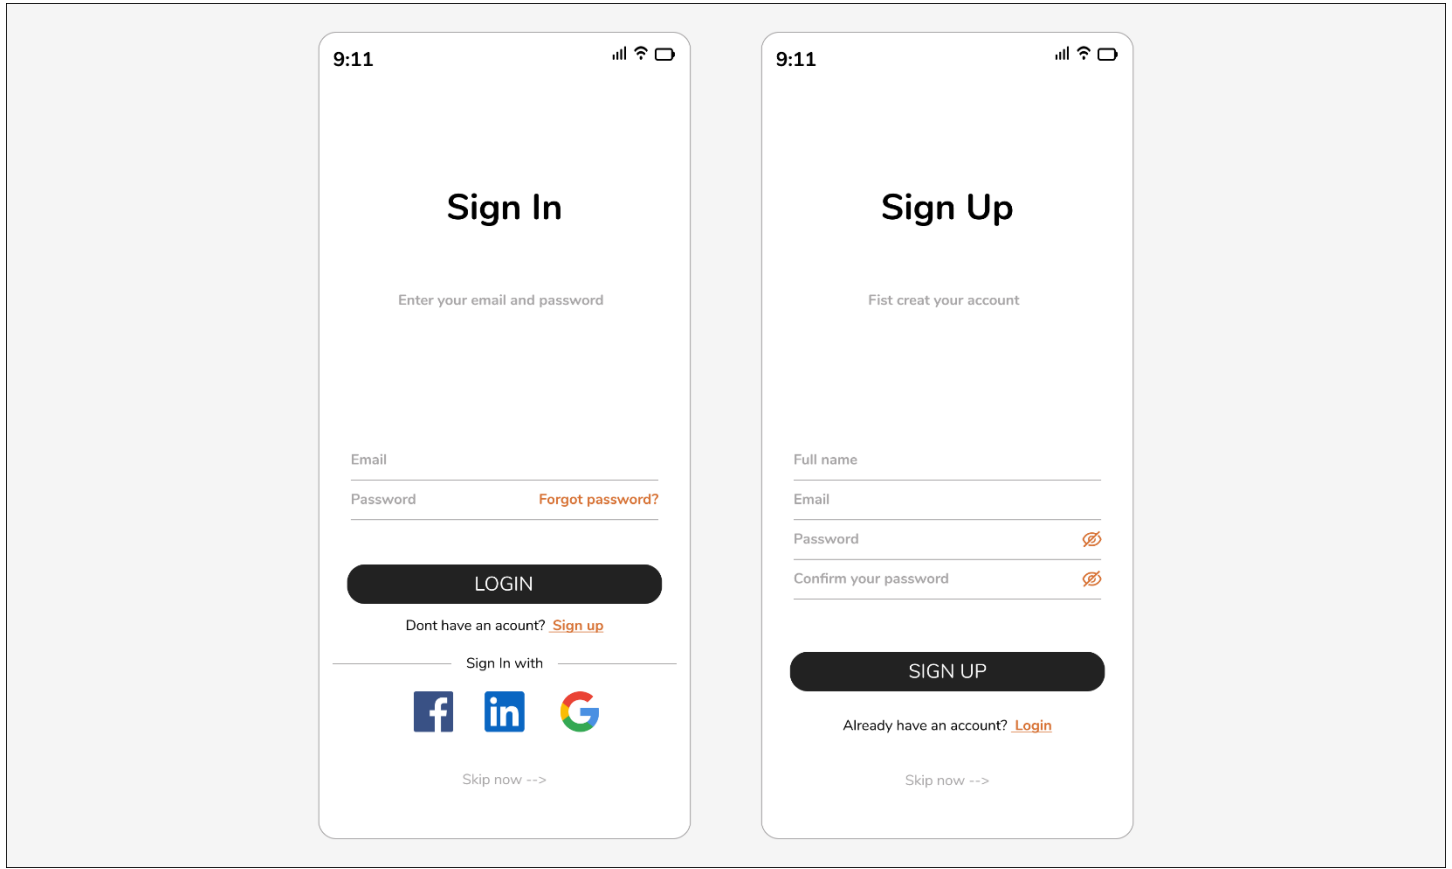

Tool Used - Figma

Figma is a modern, streamlined design tool that makes the developer handoff [the stage when the *UI* is at a point where the **developer** can finally start **implementing it in code**] process **smooth and seamless**.

Developers now have better **access** to the designs and have the ability to **extract information** about typography, redlines, colors, measurement and more.
